

CENTRAL & NORTH DISTRICT MEETING

THE ASSOCIATION ON MINE RESIDENT ENGINEERS AT THE CENTRAL AND NORTH DISTRICT WILL HOST THE FIRST MEETING OF THE YEAR AT WEST WITS HARMONY VILLAGE, CRICKET CLUB, CARLETONVILLE ON THE 11TH OF APRIL 2024 AT 08:00.

11 APRIL 2024

There is limited space for engineers who want to join the technical site visit to see Tailings Storage Facilities (TSF's). Please RSVP before the 5th of April 2024

Tailings Storage Facilities (TSF's) are **purposely designed, engineered and constructed structures to permanently store tailings**. The primary purpose of a TSF is to safely contain tailings by allowing the sands to settle, consolidate and dewater. The water is recycled back to the processing plant for reuse.

How to maintain TSF?

What is the legal requirement?

What is the responsibility of the Engineer?

Pumping of non Newtonian fluids—dealing with high viscous	Jaco Snyman
Reverse Pumping principles	Louis van Wyk
Digital Mini HIRA	Maxwell

RSVP: Clair Nel by the 07th of April 2024
